B. BPA Terms and Conditions

Pursuant to General Services Administration (GSA) Federal Supply Schedule (FSS) contract number GS-35F-0884P, schedule holder agrees to the following terms of BPA, 68HERD20A0008 with EPA. All orders placed against this BPA are subject to the terms and conditions of the FSS contract. The items and services on this BPA are set forth in Attachment 1 as defined by the schedule holder. License terms and conditions applicable to products and services acquired under this BPA are defined in the License Terms included as Attachments 3 - 7.

1. Terms and Conditions.

- a. All orders placed against this BPA are subject to the terms and conditions of the underlying FSS contract.
- b. This BPA does not obligate any funds, nor is there a minimum or maximum guaranteed amount. Funds are to be obligated on each order issued.
- c. In accordance with FAR 8.405-3(d)(2), this BPA shall not exceed one year from the award effective date. However, this BPA includes two (2) one-year options. Among other criteria, this BPA will be reviewed to ensure that it still represents the best value before any options are exercised.
- d. This BPA cannot extend beyond the term, inclusive of exercised options, of the underlying FSS contract.
- e. Only firm fixed priced orders are authorized to be issued against this BPA.
- f. If administrative problems should arise which will have an adverse impact on the timely performance by the schedule holder or affect any costs or funding, the schedule holder is required to immediately notify the Contracting Officer or Contract Specialist.
- g. It is anticipated that this BPA shall meet all the Agency's Microsoft need for the next three (3) years. Therefore, it may be necessary to add, remove, or change products or services determined to be within scope of this BPA during performance of the BPA in order to carry out the requirements described in the Statement of Work. It is expected that pricing associated with future Microsoft software products and services will be incorporated into the BPA at such times as is necessary and that the prices for the changes to these products or services shall be at or below the schedule holders GSA Contract rates.

2. Extent of Obligation. The Government is obligated only to the extent of authorized delivery/call orders made under this BPA.

3. Funds Obligation. The Government estimates, but does not guarantee, that the value of purchases through this BPA will be approximately \$55 million. The Government is obligated only to the extent of authorized purchases made under this BPA. There is no minimum order guarantee. The BPA does not obligate any funds. Funds will only be obligated on each individual order.

4. BPA Term. The period of performance (PoP) will include a 1-year base period and the potential for two 1- year option periods. The Government is not obligated to exercise any BPA option period. Call Orders off this BPA shall remain valid through their respective periods of performance, and the terms and conditions of the BPA will apply to those orders. The PoP for this BPA, inclusive of any exercised BPA option periods is as follows.

Base Year:	May 1, 2020 through April 30, 2021
Option Year 1:	May 1, 2021 through April 30, 2022
Option Year 2:	May 1, 2022 through April 30, 2023

5. Pricing Terms. Attachment 1 provides unit prices as explained below. Prices shall not escalate after the BPA is awarded, and Attachment 1 is not subject to upward adjustment during the term of the BPA. The government may secure additional discounts at the time of placing an order. Spot

discounts are authorized and encouraged.

6. Price Reduction.

a. **Most Favored Customer Prices.** The prices under this BPA shall be at least as low as the prices that the schedule holder has under their GSA schedule contract. If at any time the prices under their GSA schedule contract become lower than the prices in this BPA, this BPA will be modified to include the lower prices.

7. Notices. All notices required under this BPA will be in writing and will be sent to the Government Contracting Officer (CO) and the schedule holder's designated Program Manager for this BPA at the address set forth in the SF1449, unless otherwise agreed to by the parties. Notices are considered to be "issued" when copies are either deposited in the mail, transmitted by facsimile, or sent by other electronic commerce methods, such as email.

9. GSA Federal Supply Schedule Succession

a. This BPA is based on the Schedule Holder's current GSA schedule contract number. In the event the current GSA schedule contract is canceled or expires and a new GSA schedule contract is awarded, this BPA shall automatically transfer to the new GSA schedule contract to the extent that the new schedule contract includes the same scope and items as the canceled or expired GSA contract.

b. The BPA is contingent upon the Schedule Holder maintaining products and services of the BPA on the applicable GSA Schedule. The Schedule Holder is responsible for notifying the COR and Contracting Officer of any changes in the status of the applicable GSA Schedule (validity status and modifications to the schedule contract) through the life of the BPA.
